FATAL TRAIN WRECK ON COLORADO SOUTHERN

TRINIDAD, Colo., July 22.—The Colorado & Southern passenger train, from Denver to Trinidad and south, was wrecked at a point 18 miles south of here last night, when the engine, tender and baggage car plunged over an embankment and killed Engineer Joseph Ketchberger and fatally injured Fireman E. C. Starr. None of the passengers were hurt. Heavy rains during the week caused the accident. It is claimed.

POOL SHARK BEATEN.

DENVER, July 22.—Joe Carney of San Francisco, champion pool and billiard expert of the Pacific coast, was defeated last night in a three-cushioned billiard match with Sam F. McGrew of Denver. This is Carney's first defeat here.

NEVADA STATE NEWS JOTTINGS

Items of Interest Gathered From the Columns of Our Exchanges.

Manager Fred Hinze, of the Nevada Sugar company of Fallon, was in Reno yesterday and said that all indications point to a successful opening of the factory in a few months.

"Every week sees a larger acreage being put into beets," he said. "A beet expert from California was in Fallon a few days ago and he was very enthusiastic over the conditions, and is arranging to buy land and place it all under beet cultivation. A number of farmers who were at first inclined to hesitate are now interested, and while the crop we will have to work on when we are ready for business won't be as large as we should like to see it, still it will keep us busy, and it will show conclusively the possibilities of that section. Most of our machinery is on the ground and all work is going ahead steadily just now."

It does not pay for a convict to escape jail and then be recaptured, as is shown in the case of Jim Antone, who left the road gang in Washoe valley. He is now getting his plenty, for, according to the Carson News, he has been cast into the penitentiary dungeon where he will subsist on bread and water for 60 days. When he emerges from the dungeon he will be dressed in a red shirt and a suit of black and white stripes, and will be carefully guarded. He will also be prosecuted for jail breaking, and is liable to get six years more tacked on his original sentence. It all goes to show that Warden Baker can be severe when the occasion demands it.

The Greek, known as Jim Antone, who made the attempt to escape from the prison road camp on Tuesday night, is now in the dungeon at the prison, where he will spend his time for the next 60 days on bread and water. When he is released from the dungeon he will be dressed in a red shirt and a suit with black and red stripes and will be carefully watched hereafter. He will also be prosecuted under the law for attempted jail break and will undoubtedly receive a further sentence of six years for his foolishness.

UNKNOWN DISEASE CAUSING DEATH OF NUMEROUS HORSES

LOCAL RANCHERS LOSING THEIR STOCK FROM SOME KIND OF POISON.

Each season develops something new and this has not been an exception to the rule, for it has brought considerable financial loss to numerous ranchers of the valley, who have and are still losing valuable horses through the agency of some unknown disease or potent and insidious poison. The real cause has not been determined, but it is sufficient to know that many horses have died, after being ill but a short time. The disease, if such it is, seems to induce complete paralysis before death ensues.

Among the heavy losers to date are C. E. Kent of Stillwater, D. A. Wildes and A. D. Drumm, of south of town, and other owners of stock in this valley. Some have opined that the fatalities resulting so far have resulted from the horses eating the moldy hay on the bottom of stacks fed out, while others profess to believe that a new and insidious disease is gaining a foothold in this valley.

Whatever the cause, it is mooted, and it is well within the province of the technical men who are stationed at the government farm in this valley and the state farm at Reno to investigate and determine the true cause and evolve, if possible, corrective methods. Inasmuch as several thousands of dollars' worth of horse flesh has already been lost, it would seem that daily-dallying methods are decidedly out of order.

CONSOLIDATED AUTO COMPANY.

Carrying United States mail and express makes daily trips from Tonopah to Manhattan and Round Mountain. Cars leave daily at 9:30 a. m. and 3:50 p. m.
W. C. HARDING, Agent.

A dispatch from Sheriff J. B. Webber of Butte county, California, evidences that the officer firmly believes that A. L. Spencer, alias Williams, alias Sampson, now under arrest in Reno and awaiting extradition on a charge of assisting in the robbery of a bank in Illinois, and breaking jail there, at least knows something about the robbery of the Sterling City bank. The sheriff declares that if the Washoe officials turn the man loose he will re-arrest him and hold him on the new charge.

The many Virginia City friends of Mrs. Patience Squier will regret to learn of her death, which occurred on Tuesday in Reno at the home of her daughter, Mrs. Abner Spencer. Mrs. Squier was a former resident of this city and leaves besides her daughter, Mrs. Spencer, another daughter, Mrs. T. H. Crane, all of whom are well known in this city. The deceased was a native of Canada. Funeral services took place this afternoon at 2 o'clock, and burial was in the Masonic cemetery at Reno.

A fisherman, making his way in the brush along the south side of the Truckee river, west of Reno, Sunday afternoon, found the complete uniform of a Nevada convict and the number, 1318, which the convict had worn. The outfit was hidden behind a tree, where the convict had changed it for other wearing apparel. This was the number worn by John Riley, the convict who escaped from the prison gang at Steamboat.

The King's Canyon road will be open to travel Sunday morning and will be in better shape than ever before. A new bridge has been put across the chasm at Swift's station and the gullies and washouts have been filled in.

WHAT HINES SAID IS TOLD BY BANKER

TRAIL OF FIRE AND MUD IN SENATE INQUIRY LEADS TO TENDERLOIN.

WASHINGTON, July 22.—George M. Reynolds, president of the Continental Commercial bank of Chicago, who was reported to have declined the treasury portfolio in the Taft administration, yesterday told the Senator Lorimer committee what he knew of Edward Hines delivering an alleged message from the administration at Washington to Governor Deneen to aid Lorimer's election.

He recited how Hines on the day of Lorimer's election consulted with him as to how to deliver the message to Governor Deneen.

C. F. Wiehe, secretary of Edward Hines' Lumber company, said that William Burgess of Duluth, Minn., was an "absolute liar" if he testified to what was read as Burgess' testimony.

Burgess had said Wiehe told him on the Winnipeg Flyer on March 7, 1911, that he subscribed \$10,000 to a Lorimer election fund. Wiehe told the committee he believed there was a "frame up" between Burgess and W. H. Cook. The latter recently testified that Edward Hines telephoned from his room in Chicago the day Lorimer was elected that he (Hines) would be down to Springfield with all the money necessary for Lorimer's election. Wiehe said he believed Cook would perjure himself to injure Hines.

Wiehe denied he ever heard of the "Father Green incident," as Burgess related it. Wiehe, however, recalled a rumor that Detective Keeley of the state attorney's office in Chicago complained to Father Green of the work assigned him in the Lorimer case, that Keeley got Representative Beckmeyer and that Beckmeyer was taken down to the tenderloin district and a com-

promising photograph shown him when he would not testify as he was wanted to do.

Samuel J. Cusson of Virginia, Minn., a stockholder in the Edward Hines Lumber company; John B. Price, a lumberman of Seattle, and B. A. Johnson, formerly of the American Lumberman of Chicago, told of being on the Winnipeg Flyer, but denied having heard the remarks attributed to Wiehe.

COOL WATER IN THE HOT SUN

APPELL'S South African WATER BAG

Keeps water cool 48 hours or longer, in sun or shade; great boon to prospectors, surveyors, sportsmen, stockmen, farmers, teamsters, anyone exposed to dry or warm weather. Used by U. S. Gov't. Strong, light, easy to carry. Guaranteed. This Letter Typifies the Attitude of All Users.

Take no Substitute

White in Nevada recently I had occasion to drink out of one of your South African Water Bags. Water from the bag certainly tastes good on the desert. We used one of your 24 gallon bags and the water remained cool all day, even though the temperature was over 100 in the shade, and in the morning I found the water sparkling and as cold as ice water. It certainly is a boon to those living in the arid regions.

Yours Sincerely, W. E. WIDER
